This book gives students all the tools they need to succeed on the TOEFL integrated-skills test. Providing both a comprehensive language-skills course and a wealth of practice for all sections of the test, the Longman Preparation Course for the TOEFL iBT® Test is appropriate for courses in TOEFL-test preparation or as a supplement to more general ESL courses.

### The Student Book features:

- › Updated material for all the new types of passages and questions on the test
- › Diagnostic pre-tests and post-tests that allow students to identify strengths and weaknesses and assess improvement in each section
- › Practice sections for the four skills:
  - Reading practice exercises in this fourth edition have been completely updated to provide authentic length and level of difficulty
  - Listening provides authentic conversations in an academic setting and academic lectures
  - Speaking includes personal and expository tasks and integrated tasks with questions reflecting the latest test format
  - Writing consists of expository and integrated tasks: reading/listening/writing
- › Eight Mini-Tests that preview the test's integrated four-skills format
- › Two complete Practice Tests that familiarize students with the actual test format and timing including authentic length and level of difficulty
- › Guidelines and strategies on note-taking
- › Tips and hints throughout practice sections
